

Moose hunting above the arctic circle

This is a once in a lifetime opportunity to experience Moose hunting in a way you never did before. You will be joining our local hunting team in Finnmark, the most northern parts of Norway. You will get a real good taste of our traditions, foods and hunting methods.

We will have a quota of 2 animals for the duration of your stay however, in case we shoot all the animals before your stay is over: we can always apply instantly for more animals so you can continue to hunt for free!

Program:

Day 1: Arrival and transport to camp. You will be lodged in a traditional Sami tent called a Lavvu

Day 2 to 5: Hunting. Last day you will be transported to your hotel for the last night.

Day 6: Breakfast and departure.

We will be using Norwegian Moose Dogs to track and distract animals, so that you have a good chance of getting into position to take a shot. We are of course able to set up posts as well, however, stalk hunting is more exciting yet more demanding.
